

Carter's Compost

Food Scrap Collection

Commercial Collection Service

CUT YOUR WASTE & ACHIEVE YOUR SUSTAINABILITY GOALS

● Traverse City, Michigan

● +1 231.268.0093

Background

Carter's Compost has cleared the path for composting in Traverse City since 2012. During this time, Carter's has diverted over 65,000 pounds of food scraps from the landfill! Our mission is to lead the region in food waste diversion and enable residents and businesses to achieve their sustainability goals. In completing the loop, the food scraps are combined with yard waste to make compost at various sites and returned to the community to regenerate local soil with nutrient-rich material.

Skip the trash and collect food scraps that Carter's Compost will pick up and process into finished compost.

How it Works

Collection Service

Pickup services are provided once (or potentially twice) per week. Your cart will be swapped out with a new, clean cart on your pickup day.

Carts

32-gallon carts are provided. To determine the number of carts needed, Carter's staff will provide a consultation to assess your waste stream.

Educating Staff

Carter's Compost will provide materials for training your staff, including hand-outs, signage, and container labels. Complementary staff training and orientations are available.

Cost

**Starting at \$15
per pickup per
cart**

**Multi-Cart
Discounts
